

## **Verification of hours**

This form is only for students that are contributing content from teachers. We will make sure the teacher uploads the videos on to our website. If the teacher does not upload during the time being, you will not receive any volunteer hours. The same applies if there are duplicates of the video uploaded on to our website, or if multiple students take credit for the same video/presentation. **Students creating their own videos should refer to [vikingtutors.org/submit](http://vikingtutors.org/submit) to share their videos with us.**

This form should be printed out and then filled with the teacher's signature, which ensures that you have asked the teachers to make an account if necessary and upload the specified number of videos and presentations. Then, you should take a picture or scan it of this form and email it to [support@vikingtutors.org](mailto:support@vikingtutors.org).
